## Application for studio space

---

### Selection procedure and criteria

You should read the **Guidance Notes** carefully and then complete this form as fully as possible. Your application will be considered on the extent to which it meets the following criteria:

- your need for studio space to further your practice
- your commitment to use a workspace regularly
- your plans to grow your business
- your commitment to continuing professional development

Please address these criteria within your answers required in section 3 and submit a CV and six images of your work with your application (or direct us to your website).

The Selection Panel meets once a fortnight to consider applications; we aim to let applicants know if they have been successful as soon as possible. We reserve the right to ask applicants to come for an informal interview if we feel that it would be useful. If we approve your application, but don't have a space available, we'll let you know and keep you on a waiting list. If this is the case, we'll keep in touch with you at regular intervals.
